

## **Fillmore Minnesota**

If you like the peace and quiet of a rural community matched with an active congregation with incredible potential for influence and growth, Fillmore is a great opportunity to serve this beautiful region in Southern Minnesota. Nestled in a beautiful valley, just 35 minutes from Rochester, this church is impacting several communities and school districts. Fillmore FMC is housed in a large, newer building which includes a gym/fellowship hall, a full basement with classrooms, and an intimate worship space with a 200 plus capacity.

There is plenty of opportunity for growth as this congregation of 80 is free to gather in person again, post-Covid. This beautiful rural context has a forward-thinking leadership team which provides a both a strong value of community and a heart for the Kingdom. This appointment comes with a recently updated parsonage, a sound financial package, and a solid congregation. We are searching for a capable Biblical communicator with the ability to lead leaders into a new day of growth and creative ministry in the region.

If interested please reach out to superintendent Carl Brannon at [suptcarl@nccfmc.org](mailto:suptcarl@nccfmc.org).

We intend on closing the posting and no longer accepting applications as of December 1, 2021
