The Ripon Free Methodist Church (Ripon, California) seeks a full-time pastor to love, lead and provide strategic planning skills to leverage church strengths toward making gospel impact in the community. Like many churches, RFMC lost momentum during the pandemic and has not yet recovered fully. The church is an older congregation, appreciates a blend of traditional and contemporary worship music, and needs a pastor who can provide pastoral care and counsel. The congregation has engaged some strategic planning to more fruitfully engage the community and would benefit from a leader who can provide clarity of vision, mission, goals and strategic tactics to leverage existing strengths for community impact. Musical and/or social media skill would be beneficial. Full time compensation, health insurance and other benefits.
