

## Wesley Church, Waukegan, IL

Wesley Church in Waukegan, IL has a strong history as a community presence in a diverse community along the northern shores of Lake Michigan, in Lake County, IL. Just 15 minutes from the Wisconsin line, this is an area with full access to shopping, parks, and various cultural expressions. The congregation is a blend of culture and background, representing the diversity of the region, and is ready for a fresh vision to reach into the community. The church has a visible presence on a main road with a Friday night basketball outreach using their gymnasium to reach young men and women who need a positive place to be loved and hear the Gospel. The facility is also used as the site of the Sheila Daniels Christian school.

Waukegan is primarily a blue-collar community, though the congregation is a blend of cultures and education. This congregation is ready for a creative, fresh post-covid leader with strong relational skills and a passion to share the Word and bring a redemptive transforming message and ministry to this region.
