

West Morris Church in Indianapolis is looking to hire a full-time or two part-time pastors (maybe a married couple?). Creative, innovative, team-oriented, self-starters committed to urban ministry, community development and missional expressions of church are a must. Work with youth and children and be part of a church revitalization. Package includes housing and salary. Would love to work with LMCs, CMCs or new-to-FMC-leaders, so ordination not necessary.
